

GENERAL INFORMATION ABOUT THIS DOCUMENT

WHAT'S IN THIS DOCUMENT? *This document contains a Draft Environmental Impact Report, which meets California state requirements to analyze and disclose the potential environmental impacts resulting from the proposed runway extension at Gness Field Airport, Marin County, California (State Clearinghouse No. 2008072037). The Federal Aviation Administration (FAA) has concurrently prepared a Draft Environmental Impact Statement (EIS), to examine the potential environmental impacts of the proposed development alternatives and the No Action Alternative for the proposed runway extension. The FAA and Marin County are circulating the Draft EIS and Draft EIR together so the public can comment on both documents at the same time. The Marin County EIR is Volume 2. The FAA EIS is Volume 1. Technical Appendices for Volumes 1 and 2 are included in Volume 3.*

WHAT SHOULD YOU DO? *Read this Draft Environmental Impact Report and attend the public hearing on this proposed project. If you have important information that has not been considered in this document or comments about the conclusions, please send your written comments on both the EIR and the EIS to the U.S. Department of Transportation, Federal Aviation Administration (FAA), at the address below. Copies of the document are available for review at libraries throughout Marin County and the surrounding communities, the FAA's Airports District Office in Brisbane, California and the administrative offices of Marin County and Gness Field Airport.
